Beginning Dates for Advanced Math, Calculus and Physics

Adv. Math, and Calculus begin on video July 16, and Physics on July 23. Adv. Math continues on location August 18 – 22.

Individualized Attention

While all students can contact us for assistance with questions, individualized attention is provided through checking & analysis of the student's homework. Homework problems are commented upon, analyzed for logical layout, and corrections are followed through on until the student has worked all problems accurately. Tuition cost for individualized programs varies according to how many Sets we check for example: All Sets, every other Set, 1 out of 3 Sets 1 out of 4 Sets, all checked at home.

Special Programs Designed for Individual Needs

Such as students who enter in the middle of the course, need Catch-up or Repair to begin a particular course, or work at a different pace, etc. Special programs are year round.
